Winter Energy tips

Adjusting your thermostat can save money on your heating bill...

- When at home and awake, set your thermostat as low as is comfortable.
- When out of the house or sleeping, turn your thermostat lower to save on your heating bills.

A smart thermostat can make it easy to set back your temperature on a routine schedule.

Marshal's Notes

Snow ordinance reminder

With the winter months upon us, here is an update about the snow ordinance in Fairmont:

Ordinance 6-30 states that "it shall be unlawful for the occupant of any lot or lots within the corporate limits to allow snow, sleet, mud, ice or other substance to accumulate on the sidewalks or to permit any snow, sleet, ice, or other substance to remain upon said sidewalk. All sidewalks within the business district shall be cleaned within five (5) hours after the cessation of a storm, unless the storm or fall of snow shall have taken place during

night, in which case the sidewalks shall be cleaned before eight thirty o'clock (8:30) a.m. the following day; provided, sidewalks within the residential areas of the Municipality shall be cleaned within twenty-four (24) hours after the cessation of the storm."

Also, if you know it will snow during the night, please do not have your cars parked on the streets as the plows will be out early in the morning. If you do park on the street during a snow-storm your vehicle will have the possibility of being blocked in by the snowplows.
